C. B. PHILBRICK, *Secretary of Trustees*

REPORT OF SCHOOL BOARD

In accordance with an amendment to the Public Statutes by the General Court of 1917, requiring the fiscal year to end August 31, of each year, we hereby submit our reports from Feb. 15, 1917, to Aug. 31, 1918. By suggestion of the State Superintendent, a verbal report concerning the condition of the schools will be made at the annual school meeting of 1919, including a statement of finances to date of meeting.

We are also required to recommend appropriations for the ensuing year. We, therefore, advise that in addition to what the law requires, \$500 be raised for support of schools, \$200 for high school tuition, \$100 for text books and scholars' supplies, \$100 for repairs and \$75 for officers' salaries.

Five schools have been maintained. When possible, teachers of experience have been employed, but owing to the call of our country, a great many teachers have enlisted in war work. We hope with the coming of peace we may more easily obtain efficient teachers.

The conditions in the Kempton Division are very perplexing. At the beginning of the school year there were fifteen pupils enrolled, but last spring there were only two left. We secured the services of Miss Beulah Walker to teach them in her home. At the present writing, they are in charge of Mrs. Lillian Fowler in her home.

In sections of the town where it would be less expensive to send pupils to adjoining towns than to maintain schools, we have endeavored to do so. We have paid tuition to the towns of Enfield, Sunapee and New London.

We earnestly desire the full co-operation of the parents with the teachers and school officials, in making our schools successful.

JANE V. HILL,
HILDA E. CLOUGH,
CARL B. PHILBRICK,
School Board.

EVA M. GARDNER,

School District Treasurer

HEALTH OFFICER'S REPORT

In compliance with the usual custom the following report is presented.

In January, the Health Officers of the State were called to Concord to attend a two days' session of the State Board of Health. Many eminent specialists were among the speakers. The principal topics under discussion were the prevailing influenza, tuberculosis, venereal and other communicable diseases. Much valuable information and many helpful suggestions were given.

There has been about 80 cases of influenza in town. Fortunately only two deaths resulted from it. We cannot advocate too strongly the necessity of persons who have bad colds remaining at home. The services of the District Nurse proved invaluable in combating with the disease. Through her faithful labor and efficient medical attendance many lives were saved. We would recommend that the services of the District Nurse be continued and that the town make an appropriation to help in the good work.

It is hoped that any suggestions given by your Health Officer will be taken kindly, that the health of the public may be better protected.

Respectfully submitted,

CARL B. PHILBRICK,

Health Officer.

TOWN LIBRARY

Our library is located in the home of Mrs. Abby J. Goodhue, who serves as Librarian.

Mrs. Goodhue reports one thousand books in the library. Thirty-three were added this year.

In addition to books purchased by the Town, books were donated by the Carnegie Endowment for International Peace, Abby J. Goodhue and Miss Skillman. Patrons of the library contributed fifty books to the American Library Association for use among camps for soldiers and sailors. Fifty dollars was solicited in the United War Work Campaign.

Although the Library was closed for eight weeks on account of influenza, 688 books were loaned during the year which is the largest number ever loaned in any year since the Library was established.

We are pleased to note the increased interest in the Library and to stimulate this interest would recommend that a small sum be raised for the purchase of new books.

Respectfully submitted,

CARL B. PHILBRICK,

GEORGE D. PHILBRICK,

MAURICE J. BROCK,

Trustees.
